

Dr. KONSTANTINOS SOTIROPOULOS

CURRICULUM VITAE – SEPTEMBER 2022

Associate Professor of Evolutionary Biology – Population Genetics

Molecular Ecology-Conservation Genetics Lab

Department of Biological Applications and Technology

University of Ioannina

45110 Ioannina

Greece

tel: ++30 26510 07375 (office), ++30 26510 09031 (lab)

e-mail: ksotrop@uoi.gr

Date of Birth: February 26, 1967

Nationality: Greek

ORCID ID: 0000-0002-3622-7907

Web:

https://scholar.google.gr/citations?hl=el&user=yEU2khAAAAAJ&view_op=list_works&sortby=pubdate

Research Interests

- Evolutionary Ecology; Population Genetics
- Molecular Ecology; Evolutionary Conservation Genetics
- Behavioral Ecology
- Biodiversity; Field Herpetology

Education

1986. B.Sc. in Pedagogics, Ralleios Pedagogical Academy of Piraeus, Greece.

1994. B.Sc. in Biology, National & Kapodistrian University of Athens (**UoA**), Greece.

2004. Ph.D. in Evolutionary Biology, UoA, Greece.

Professional / Research experience

1999-2010. Primary school teacher. 54th Primary School of Athens, Greece.

2004-2010. Post-doctoral researcher in the Section of Zoology-Marine Biology,
Department of Biology, UoA, Greece.

6/2007-2/2008. Visiting researcher (Microsatellite development and genotyping).
Institute of Marine Biology and Genetics. Hellenic Centre for Marine Research
(HCMR), Crete, Greece.

2012-2016. Lecturer in Evolutionary Biology-Population Genetics, Department of
Biological Applications and Technology, University of Ioannina, Greece.

- 2016-2021. Assistant Professor in Evolutionary Biology-Population Genetics,
Department of Biological Applications and Technology, University of Ioannina,
Greece.
- 2021-present. Associate Professor in Evolutionary Biology-Population Genetics,
Department of Biological Applications and Technology, University of Ioannina,
Greece.
- 2013-present. Member of the European Red List Authority Working Group (IUCN-
ARLA) for the evaluation of the conservation status of European Amphibians,
and the updating of IUCN's Red List.
- 2020-present. Management Committee Member: COST Action CA18221 "PEsticide
RIsk AssessMent for Amphibians and Reptiles" (PERIAMAR).

Academic Experience

- 1998-2008. Lab course instructor for "Systematic Zoology", "Zoology II" and "Animal Diversity". Section of Zoology-Marine Biology, Department of Biology, UoA, Greece.
2003. Production of Educational material for school students. Zoological Museum, Department of Biology, UoA, Greece.
- 1997-2008. Co-supervision of eight (8) Bachelor Theses. Section of Zoology-Marine Biology, Department of Biology, UoA, Greece.
- 2012-present. Teaching of the courses "Evolutionary Biology", "Molecular Ecology – Conservation Genetics", and "Field Ecology". Department of Biological Applications and Technology, University of Ioannina, Greece.
- 2012-present. Supervision of two (2) and Co-supervision of five (5) Doctoral Theses. Department of Biological Applications and Technology, University of Ioannina/ Department of Biology, UoA, Department of Biology, Univ. of Patras, Greece.
- 2012-present. Supervision of 21 Diploma Theses. Department of Biological Applications and Technology, University of Ioannina, Greece.
- 2013-present. Co-supervision of 12 Diploma Theses. Department of Biological Applications and Technology, University of Ioannina, Greece.
- 11/2018. Visiting Professor at the Department of Environmental Sciences, University of Liège, Belgium.

Research Projects

1994. Codification and Extension of the Archives of the Hellenic Zoological Society.
Hellenic Zoological Society.
- 1994-1996. Natura 2000: Identification, evaluation and mapping of habitats and flora and fauna species of Greece (Annex 92/43/EU). EKBY (Greek Biotope/Wetland Centre) - LIFE.

- 1995-1996. Biogeography of Central Greek and Peloponnesian Mountains. Special Account for Scientific Research, UoA, Greece.
- 1998-1999. Animal Communities in Aegean Island Ecosystems. General Secretariat for Research and Technology of Greece.
1999. Database Construction of the Vertebrate Fauna of Greece. Ministry for the Environment, Energy and Climate Change of Greece.
- 2000-2001. Consequences from drought and exploitation of water resources in stream estuaries in island environments. Aristotle University of Thessaloniki/ WWF Hellas/ Ministry of Communications and Works of Cyprus.
- 2002-2003. Preservation of Paedogenesis in the Alpine Newt in the High-altitude Ecosystems of the Central Balkans. Declining Amphibian Populations Task Force (DAPTF).
- 2003-2004. Evaluation and Promotion of Mt. Panachaikon Biodiversity. Ministry for the Environment, Energy and Climate Change of Greece.
- 2003-2004. Evaluation and Promotion of Mt. Chelmos Biodiversity. Ministry for the Environment, Energy and Climate Change of Greece.
- 2003-2004. Population Monitoring of Annex II (92/43/EU) species in Natura 2000 habitats of Karpathos, Kasos and Kastellorizon islands. Ministry for the Environment, Energy and Climate Change of Greece.
- 2004-2005. Genetic variation of *Lyciasalamandra helverseni* in southeast Aegean islands. Special Account for Scientific Research, UoA, Greece.
- 2006-2007. Population genetic structure of *Lyciasalamandra helverseni*. Special Account for Scientific Research, UoA, Greece.
- 2006-2007. Monitoring the fauna of the International Airport of Athens. ATHENS INTERNATIONAL AIRPORT "EL. VENIZELOS" S. A.
- 2005-2008. Patterns of ecological, genetic and morphological diversification of animal species in high-altitude fragmented landscapes. Operational Program for Education and Initial Vocational Training (O.P. "Education") / project Pythagoras II—Support of University Research Groups.
- 2007-2009. Update and Editing of the Red Data Book of Threatened Animals of Greece. Hellenic Zoological Society/Ministry for the Environment, Energy and Climate Change of Greece.
- 2013-2015. Monitoring and evaluation of the conservation status of Amphibian and Reptile species in the National Park of Parnon Mt. and Moustos wetland. Managing Authority of the National Park of Mt. Parnon and Moustos wetland.
- 2014-2015. Monitoring and Evaluation of the conservation status of amphibians and reptiles of Community interest in Greece. Hellenic Herpetological Society.
2015. Monitoring of Amphibians and Reptiles in the area of Lake Pamvotis' Management Authority. Managing Authority of Lake Pamvotis.
2015. Monitoring and Evaluation of the conservation status of amphibians and reptiles of Community interest in the area of Chelmos-Vouraikos management authority. Managing Authority of Chelmos-Vouraikos National Park.

2015. Monitoring and Evaluation of the conservation status of amphibians and reptiles of Community interest in the area of Dadia Forest. Managing Authority of Dadia Forest.
2015. Monitoring and Evaluation of the conservation status of amphibians and reptiles of Community interest in the area of Evros Delta management authority. Managing Authority of Evros Delta.
- 2014-2016. «Conservation and study of the biology of the Karpathos Frog, the most endangered and unknown amphibian in Europe». The Mohamed bin Zayed Species Conservation Fund.
- 2016-2018. «Epirus grasshopper conservation: linking genetics and ecology under a conservation perspective». The Mohamed bin Zayed Species Conservation Fund.
2017. «Evaluation of Amphibian Biodiversity in the reed ecosystems of lake Prespa». Society for the Protection of Prespa - LIFE15 NAT/GR/000936.
2017. «Conservation actions for the priority species *Triturus macedonicus* in the protected area of lake Pamvotis. Managing Authority of Lake Pamvotis /The Green Fund.
- 2020-2023. «Birds migrating in a changing world: movements, regulatory mechanisms and conservation». Hellenic Foundation for Research and Innovation (H.F.R.I.).
- 2020-2023. «Analysis and identification of environmental DNA in aquatic ecosystems». Action 1.6 of the Project «Development of research infrastructures for the design, production and highlighting of the quality and safety characteristics of agro-food and biofunctional products (ΕΥ-ΑΓΡΟΔΙΑΤΡΟΦΗ)». Operational Programme “Competitiveness, Entrepreneurship and Innovation 2014-2020 (EPAnEK)”.
- 2021-2022. «Distribution and Conservation Status of the ANNEX II 92/43 Priority Species, *Triturus macedonicus*, and its habitats, in the Protected Area of Northern Pindos National Park». ΥΜΕΠΕΡΑΑ/ Public Investments Program ΠΔΕ 2020-ΥΠΕΝ.
- 2021-2023. «Highlighting the educational contribution of research and the concepts of Evolution (ΕΞΕΡΕΥΝΗΣΗ)». Hellenic Foundation for Research and Innovation (H.F.R.I.).
- 2021-2022. «Genetic Study of the Balkan Population of the Egyptian Vulture (*Neophron percnopterus*)». Hellenic Ornithological Society.
- 2021-2022. «LAC – Management and Protection of the endemic species *Chorthippus lacustris*». ΥΜΕΠΕΡΑΑ/ Public Investments Program ΠΔΕ 2020-ΥΠΕΝ.
- 2021-2022. «Implementation of the National Conservation Plan for the Karpathos frog (*Pelophylax cerigensis*, Beerli et al. 1994)", Priority Axis: AP 1: Biodiversity conservation actions». Green Fund/ LIFE-IP 4 NATURA (LIFE16 IPE/GR/000002).

Publications

A. DOCTORAL THESIS

Sotiropoulos K (2004). Genetic and morphological variation of *Triturus* (Amphibia, Urodela) species in Greece: historical and ecological inferences. Section of Zoology – Marine Biology, Department of Biology, University of Athens, 291 pp.

Member of Committees and Scientific Societies

- Board member of the Hellenic Zoological Society (H. Z. S.). (2010-2012)
- Board member of the Hellenic Herpetological Society (Societas Herpetologica Hellenica - S. H. H.). (2000-present)

- Member of the International Biogeography Society (I. B. S.)
- Member of the Societas Europaea Herpetologica (S.E.H.)

Academic Administrative Experience

- 2013-present. Member of the Steering Committee of the University of Ioannina Field Station (PALASE).
- 2012-present. Academic supervision of student traineeship (29 students) Dept. of Biological Applications & Technology, University of Ioannina.
- 2015 -present. Administrative and financial management, as Project Leader, of 8 research projects. Dept. of Biological Applications & Technology, University of Ioannina.
- 2013 – 2014. Member of the Undergraduate Curriculum Committee. Dept. of Biological Applications & Technology, University of Ioannina.
- 2015 – 2016. Member of the Undergraduate Curriculum Committee. Dept. of Biological Applications & Technology, University of Ioannina.
- 2014-2016. Member of the Department's Facilities Committee. Dept. of Biological Applications & Technology, University of Ioannina.
- 2014-2015. Member of the Department's Webpage Committee. Dept. of Biological Applications & Technology, University of Ioannina.
- 2012-present. Regular Member of the Department's General Meeting and Special General Assembly. Dept. of Biological Applications & Technology, University of Ioannina.
